ENDORSEMENT BY HEALTH EXPERTS

Robert G. Wright

Director at American Anti - Cancer Institute
The International Wellness and Research Center

"If I were looking for an electrolysis unit today, I would choose the SD50 I made by the Enagic Company. I have explained most of my reasoning for this decision in earlier comments. The versatile, multi-function **SD50 I** is rather expensive at just under **USD\$ 4,000** but worth every penny and is simply the **"Rolls Royce"** of water ionizers."

“When you were dealing with PTSD, Cluster Migraines and Vertigo. Your brain was swollen with a Blood Brain Barrier damage and Kangen Water was the only thing that could penetrate and flush the brain”

Dr. Dave Carpenter, President of the International Iridology Practitioners Association

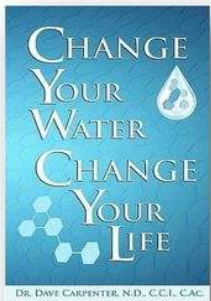

“This [alkalizing] program contains a whole new way of looking at diet and nutrition. When followed, it leads to a healthy, lean, trim body and an enhanced level of wellness, energy and mental clarity most people have not experienced previously.”

“Based on years of research and observation, we have concluded that over acidification of the body is the underlying cause of all disease. Because many people consume a diet primarily comprised of acid forming foods, (i.e. sugars, meat, dairy, yeast breads, coffee, alcohol, starches, etc.) rather than whole plant foods, they are frequently sick and tired”

“In my experience, Kangen Water™ supercharges your nutritional program better than anything. Water is the key and this [Enagic® Kangen™ Water] is the best water I know of. Anyone who gives it an honest try will experience it in their own health without question!”

Dr. Dave Carpenter is a member of the Idaho Association of Naturopathic Physicians. He is currently the President of the International Iridology Practitioners Association (IIPA), has served on the Board of Directors of IIPA since 1996 as Public Relations Director and Vice-President.

Dr. Dave Carpenter is a Licensed Acupuncturist, Fellow of the International Academy of Medical Acupuncturists, and an IIPA Certified Comprehensive Iridologist (CCI). ACHIEVEMENT OF KANGEN LEADERS

India Distributor Profile

Amit Patoliya

6A2-4

Initially, 6A2-4 Amit Patoliya was content just being a Kangen Water drinker, but a scare involving his second daughter convinced him to join the Enagic business. It's unclear whether 2.5 pH Strong Acidic Water helped his daughter's eye, but Amit became convinced of its power.

Friend 6A2 Ketan Bhaingradiya took Amit to see a Kangen Water demo in March 2018, which is where he met 6A6-4 Updesh Malik. "I was impressed," Amit recalls. "After seeing the emulsification process with Strong Kangen Water, I was just shocked and immediately purchased this amazing [SD501] machine."

That momentous occasion began the "mission of securing 1 lakh [100,000] healthy families" with other members of his *Jal Kranti* family. Amit explains that *Jal Kranti* means "Water Revolutions" in Hindi, adding that it "has a very strong emotional connection with our Indian culture, and I would like to bring happiness through this revolution."

Amit made his first Enagic sale to a relative. "On the basis of trust only, he bought the Kangen Water machine," he says. "It was very inspiring."

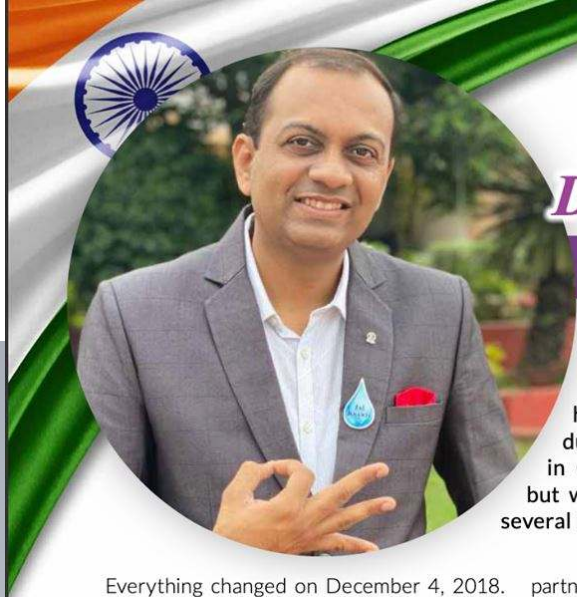

He reached 6A2-4 after a "mesmerizing journey of *30 months." Persistence defines his approach. He estimates that it took him 600 demos to achieve 6A, but he says, "Rejections are part of the process." Amit quotes ancient Indian philosopher Chanakya: "At the initial stage, people will reject you; and later, they will accept you."

He emphasizes "focus," "continuity" and "action" when pursuing sales and strives for "continuous learning."

Amit remains immensely confident that people will continue to see value in Kangen Water. "My goal is that this ionizer machine is going to come to every home in the future," he says. "Maybe not immediately, but definitely in time."

**Results not typical. Most distributors who reach this rank take a longer period of time.*

India Distributor Profile

Mitesh Baldha

6A3-3

The first time 6A3-3 Mitesh Baldha heard about Kangen Water was during a demo at his textile company in Gujarat, India. He was impressed, but waited to buy his first machine for several months due to budget concerns.

Everything changed on December 4, 2018. That's when Mitesh's good friend and mentor 6A2-2 Amrut Gondaliya visited his house with 6A2-4 Amit Patoliya to present a full demo for his family.

"Amit showed me the pH 11.5 Strong Kangen Water benefits by washing vegetables at my home I was shocked when I saw the pesticides come out," Mitesh recalls. He bought an SD501 machine on the spot. The next morning, he set up a demo at work and his partners ordered four more machines for their homes and office. "On the day when we ordered the machines, I told my business

partners I was to focus full-time as an Enagic Independent Distributor." He worked his way up to 6A3-3 in just 22 months, recently becoming one of the "world's fastest 6A3-3*."

With a historically strong start, it might seem like Mitesh has faced no obstacles, but he has found people who are more concerned with initial costs than Kangen Water's long-term benefits. He's also grappled with two constants:

- 1) **"All people are not ready to learn."**
- 2) **"People accept negative thoughts of the market rather than take the positive."**

Mitesh almost always stays positive and instills confidence in his team members. "I gave the challenge to my partners to be successful in Kangen business on the very first day I started," he says, and they've proven to be up to the challenge.

"My biggest key to success is my family," Mitesh says. "My sweetheart Varsha has made so many sacrifices to help me to complete my goal. My Mom and Papa also motivate me and help me to complete my dream by handling our home and children. My daughters Ishika, Isha and Swara always give support by asking me, "Papa, when are you completing 6A3-3?" He achieved that goal through tireless efforts and daily demos that have paid unprecedented dividends.

Mitesh finds constant inspiration from Enagic business, but he takes particular pride in his childhood friend's journey as an Independent Distributor. "Manish [Ranchhodbhai Sutariya] had debt

of around 1 crore (approximately \$150,000 U.S.) in his export business," Mitesh says. "When I met him and showed the demo and the potential business to grow, he checked all the properties of Kangen Water machines, borrowed money on interest and started in Kangen business full-time with me. He was debt free within 15 months and he is 6A2."

Sure, Mitesh earned enough money to buy his dream car, a Mercedes Benz GLS, and he appreciates recognition that comes with big success, but he's not focused on his own income and growth. "I am always thinking about my team growth," Mitesh says, though he welcomes love, care and respect" from downlines.

Mitesh is driven to succeed even more in the Enagic business. "I wish to be the first 6A3-8 of India," he says. "I want to break all the records in sales and achievements. And I will support my team leaders to break my records."
